

Viewpoint HOA Home Exterior Color Selection Procedures

1. Obtain a paint color selection binder from Sue Wilgus, Randy Brunckhorst or Brad Freiheit. Review the various color chips in the binder. (Left column is house colors, right column is trim colors). Any trim color can be mixed with any house color.
2. After selecting colors, make note of the code # and locator # from the Dunn Edwards Approved Paint Chart in this binder.
3. **Submit your choice of color(s) to Sue Wilgus or Randy Brunckhorst for approval by the Architectural Committee. All colors must be submitted to the Architectural Committee for approval, even if you are repainting the same colors.**
4. Take color #'s to the Sahuarita Ace Hardware on Duval Mine Road where you will receive a 25% discount on Dunn Edwards Paint.

Note: Any brand of paint can be used, but you must use the Dunn Edwards colors from the Viewpoint Approved Paint Colors.

The Garage and Garage door must be painted the same color as the house.
